Concerning:
Case #: Civil 0800136HG
Hearing date 09/02/2008 10 am

Dear Judge Gilmore,

My name is Michael Ginthor. I am a journalist from Austria. Together with a small team I will come to Hawaii for the hearing in the Sancho vs. DOE case. We are planning to interview Mr. Wagner and Mr. Sancho and all the other parties involved. Of course we would also like to attend the hearing on September 2nd and tape it (discretely). We think it's a significant moment not only in the case but in the history of science. I am hereby asking you for permission to shoot the hearing or parts of it.

We will use:
One Panasonic DVX-100 video camera
One Canon G9 camera

The case is of great interest in Europe. The project is supported by Austrian government agencies and German public television (ZDF). We hope you will decide in our favor in the matter.

With warm regards and many thanks in advance,
Yours sincerely,

Michael Ginthor
